

## INDEX

Page No.	Date	Content	Remark
1	10/05/1967	“Experiences in shear testing for problems of earth dam foundation and embankment material”; BY, Dr.M.D.Desai	Symposium on pore pressure and shear resistance of soils
12		“Exploration of embankments to highlight field studies:.. BY, .M.D.Desai	
17		“Standardization in river valley projects with reference to soil engineering problems” BY, .M.D.Desai & Pais Cuddu	39 Annual Meeting of CBIP, SYMP, on standization of river Valley projects
29		“Drowdown in earth dams”: By Dr.M.D.Desai, T.B. Desai & D.D. Parmar.	SVR college of Surat
32	23/01/1972	Discussion on evolution of design during construction of river valley projects” ; By, Amar Singh.	Y.K.Murti Et al Journal Vol-53
36	20/12/1982	“Analysis of displacements within embankments for design of instrumentation.”: By, Dr.M.D.Desai, T.B. Desai	
40	16/07/1992	“Review of experiences of geotechnical exploration for dam foundations”. Dr.M.D.Desai	Paper for workshope on investigations and treatment for dam foundation
46	16/01/2007	“Evolution of earth dam design-performance illustrated by case studies”. Dr.M.D.Desai	DDIT, Nadiad
